Community Improvement District (CID) Accelerator Program

The Community Improvement District (CID) Accelerator Program is a $5 million open, competitive grant program administered by Transport for NSW.

Transport for NSW invites eligible NSW councils to apply for funding through the Community Improvement District (CID) Accelerator Program, in partnership with one or more prospective CIDs.

The CID Accelerator Program will be available to NSW councils, the Lord Howe Island Board and the Unincorporated Far West Area (collectively referred to as councils). The objectives of the Program are:

- Accelerate uptake of the CID legislative framework across NSW by supporting councils to operationalise the CID Act.
- Build council capability and organisational readiness to understand, apply and facilitate implementation of the CID legislative framework within their LGA, supporting future CID development.
- Encourage collaboration between councils, businesses, property owners and communities to identify and progress the establishment of priority CIDs.
- Increase the pipeline of prospective CIDs capable of attracting and managing locally generated investment for place, economic and community improvements.
